"EVIL HE—"

Dr. Richardson of the First Christian church at Kansas City believes that acts such as drinking, etc., are increasing among the women and decreasing amongst the men. There are many who will not believe this and as the minister does not state his authority his statistics may be somewhat faulty. Yet, it can be believed that flagrant drinking and immorality in sex lines have a tendency to diminish among men because of purely industrial and economic reasons. A man has to earn his own living. He cannot do a good job of it and no one wants him on the job if he is suffering from the effects of these immoralities. With a larger class of women than men who have spare time on their hands, coupled with the desire to be "free and equal" which in many cases men means "license" it is not a source of amazed wonder that more women want to be manly, at least for a while while men who have tasted this license know that it does not pay. The minister likewise blames women for a large part in present unstable moral conditions on sex lines, many answer, "Evil he who evil thinks." Answer supposed to cover many sins. Yet, we all are more or

NO REASON FOR IT

You Are Shown a Way Out.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the word of a resident of this locality who has found relief. The following is convincing proof.

Mrs. Freeman, Second St., Salisbury, Mo., says: "I was in such bad shape with my back and kidneys that it was all I could do to keep on my feet. After sitting, I had to be helped up. I had a terrible ache and lameness in my back and it made my life miserable. The secretions from my kidneys were in bad shape. I could always tell when I was in for a bad attack, by the spells of dizziness and pain in my eyes. A neighbor recommended Doan's Kidney Pills to me and I got a box. I had never before taken anything that did me so much good. Doan's Kidney Pills straightened me right up and now I don't have any trouble."

YEARS LATER.

On October 28, 1912, Mrs. Freeman said: "The endorsement I gave Doan's Kidney Pills some years ago, still holds good. I have never been bothered by my back and kidneys since." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Freeman had. Foster-Milburn Co., Props., Buffalo, N. Y.

less evil and all think more or less evil thoughts. The development of the good or bad will depend much on environment. With environment that stimulates sex ideas and thoughts, a man will be hardly better than his environment. A woman who dresses in a manner to stimulate the sex side of man cannot expect him to rise too high and should be willing to condone with him in case he stumbles. Perhaps it should be otherwise, but the fact is that most men, are strongly sexed. This is one thing that absolutely must be taken into account for it is true in spite of "evil he who evil thinks."

Eugenie G. Dalton

"Eugenie G. Dalton was born at Keytesville, Missouri April 13, 1868 and was married to E. V. Dalton in 1887.

"They came to Oregon July 28 1890, locating at Independence, but have been residents of Dallas some time, where Mr. Dalton is engaged in the furniture business.

"Mrs. Dalton has been sick for several weeks, and death claimed her Tuesday afternoon.

"She leaves a husband and one son to mourn the loss of a loving wife and mother, one brother resides in Kansas City one in Keytesville, Mo., also a sister in Albuquerque, N. M.

"The funeral services was held from the Presbyterian Church of which she was a faithful member. Rev. Geo. Mitchell conducted the services. The many friends of the family sympathize with them in this hour of sorrow."

The above obituary was taken from a paper published at Dallas, Oregon, February 10. The decedent is well remembered here having been a sister of Team Hurt living near this city and a niece of Grant Hurt.

Sleigh Turned Over

Miss Helen Zillman had a pretty good fright and suffered a little pain as the consequence of a runaway last Friday afternoon near the northeast corner of Price park. She was riding in her father's sleigh when the team became frightened and ran off. The sleigh upset on Miss Zillman but she was not injured to any extent beyond a few bruises.

Abraham Lincoln's birthday anniversary, the 105th was celebrated February 12 in the northern states with appropriate exercises. The event was not much noted in this part of Missouri.

Close observers will sympathize with our old friend Abe Martin when he says, "There's too many thirty cent people now days, th't look like a million dollars."

The governor has nominated April 14 as Arbor Day.

Twice His Wife

In 1904 Emil de Groot was 36 years old and he married a girl in Rotterdam, Holland 34 years old. Emil sold cheese and groceries and schnappa, was prosperous and made much money but he was not very happy for while his wife had no objection to his selling schnappa, she would not permit him to drink it and he had to maneuver on the sly whenever he took something for his stomach's sake. Mrs. Emil detected a familiar odor on his breath on several occasions, made a few pointed remarks which resulted in them agreeing to disagree. Emil preferring to part with his wife than his rights and privileges to do something else besides work hard and make money. They parted. Mrs. de Groot sailing for British Columbia where she made her home and for nearly 10 years Emil was a happy man—a divorced man. He smoked his pipe in peace, drank schnappa and smiled on whomsoever he pleased without fear or favor and his life was gay and free. After 10 years of such freedom, however, a spirit of loneliness assailed him and he longed for a companion again.

Emil's brother-in-law is a resident of Benton Harbor, Mich., and Emil wrote him requesting that he find an American girl for his wife, stating his former experience so that whoever applied might know just what to expect so far as his pipe and schnappa were concerned. His brother-in-law wrote promptly that he had found for him a girl of dutch decent and that by a strange co-incidence her name was the same as his. Emil corresponded with the Benton Harbor woman and she replied favorably. Emil lost no time in starting for this country, her accepted suitor on the condition and stipulation that he must take her just as he found her and be ready to marry her without looking upon her face. Emil agreed, and the night he reached Benton harbor they were married, the brides faces being completely hidden by two heavy white veils. After the ceremony and congratulations of a number of friends of the bride and the brother-in-law, the bride pulled off her veils and Emil discovered that she was his divorced wife. It was hours before he recovered from the shock, but upon recovering and taking a good look at her he said it was all right and he was happy and as she stood smiling at him he said "here we are again; I have had 10 years of single life and both my wife and I have had time to

Bigger Hatches

Eggs hatch better if the hens are in perfect condition.

Pratts

Poultry Regulator

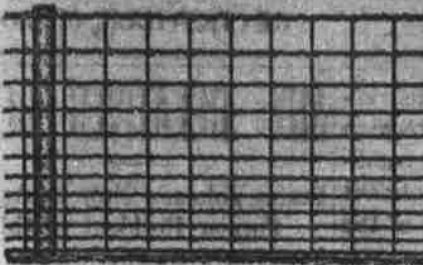

pays big the year 'round. It prevents disease, sharpens the appetite, improves digestion. You'll get more "live" eggs—more and stronger chicks.

learn to appreciate each other. We will go back to Rotterdam and be happier than ever. No more hen-peck will she me, I been boss," and his wife smiled. A newspaper reporter presenting himself to take their pictures and get the story as they were ready to take the steamer Potsdam for Holland, understood who was boss when Emil said he might take their pictures and the two times Mrs. Emil said nix and fled with the happy bride—groom to the cabin out of reach of the camera.

For Better Farming

Elsewhere in the paper is the announcement of a plan on the part of the Courier, assisted by others, to secure a fund sufficient to send some young man, worthy of the honor, to an agricultural school to get some pointers on the latest developments in farming along scientific lines. The movement is one county-wide and not devoted to any special section. Every first-class farmer in the county adds to the land value for it means additional production. There are those who carp on the idea that there is anything in the up-to-date farming idea but these are growing less in numbers. The man who learns how to select a stock cow, a fine hog, to grow two bushels of grain where one grew before, to plough so as to raise a crop in the driest weather is a benefactor to mankind in this that he adds to the stock of world's foods as a result of his brain work plus physical endeavor. A unit of physical endeavor that produces 20 bushels of corn, may, by proper education, produce 30 bushels. Chariton needs more production per acre. That is why we are boosting this idea which has been featured by the St. Louis papers and others all over the state.

How Is Your Boiler?

It has been stated that a man's stomach is his boiler, his body is his engine and his mouth the fire box. Is your boiler (stomach) in good working or is it so weak that it will not stand a full load and not able to supply the needed energy to your engine (body)? If you have any trouble with your stomach Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enable it to do its work naturally. Many very remarkable cures of stomach trouble have been effected by them. For sale by all dealers.

Mrs. Thaw whose antics at Kansas City at the theatres caused considerable comment for a sensation-hungry people, was arrested at Richmond, Va., for appearing there after she had been forbidden by the mayor to appear. She was held for trial.

The reports are that this is to be a banner year for citrus fruits which means that lemons will be plentiful enough that they won't care who hands them to you.

Judge Riegelsberger will not be a candidate for county judge this year.

Food For Business

Advertising is the food for the business body. Like food of the physical body it must be used regularly to get the best effects. There are men who advertise once or twice and quit, expecting this to help their business permanently. If a man ate two meals and then quit, he would die soon. A business that does not advertise will finally die or if it exists it will be so anemic that it will be pitiful to see. When you want to strengthen your business, take advertising for it but don't quit if you don't see results after the first issue. Remember, you are changing your business habits and results cannot be expected immediately. Give the stimulating effects of advertising a chance to reach the vital parts of your business. Six months trial is not too long. A year would be better. Advertise a year and do it right and you will easily be convinced that your advertising has netted you considerably more than it cost.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless it is taken out by the method of the Eustachian Tube. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by this method. Send for circular, free.

J. C. CLARK, A. O. O., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

A Real Snow

The first real, full-blooded snow of the season landed here Thursday. It really started Wednesday night and on Thursday was putting forth efforts that marked a regulation blizzard. The storm continued through Thursday night into the daylight hours of Friday when the snow was still blowing. The snow drifted badly and along the fences the snow was pretty deep. Roofs that were in the habit of leaking got busy and also did the people who had shovels and energy to wield them. Keytesville has some pretty good hands with the snow shovel and the sidewalks were well cleared early in the morning. Railway traffic was not much delayed in spite of the drifts with the exception of the local streetcar system which took an extra man along to see that the track was cleared of snow.

The Adams Express Co., which since 1909 has paid a quarterly dividend of \$3 has cut this in two. The present dividends are \$1.50. Parcel post is thought to be responsible for this. What do we care. We don't own any express company stock.

Tonight at Marceline the school board burned \$10,000 worth of bonds issued to build the Central school there. These are the last of the bonds issued for this purpose, the school being free from debt.

Children Cry FOR FLETCHER'S CASTORIA

CARROLL

Jesse Wagner of north of Norborne shot a wolf and killed it near the Booker Slough lateral of the Wakenda last week. He shot it with a rifle.

The home of Dr. M. W. Craton at Carrollton was destroyed by fire February 7. The house could not be rebuilt for \$10,000 and the insurance was \$4300.

W. J. Owen bought a carload of horses and mules at Norborne February 7.

While scuffling with a companion while baling hay at the John Craig residence near Norborne, John Riiter jr. suffered a broken leg.

Mrs. J. C. McDaniels died at Bertrand, Okla. last week after a long illness. Her father, John Iweddie left to be with the family.

Roger Evans and Miss Elizabeth Liebhold of the Rockingham country drove to Richmond and were married by Rev. Alexander of the Baptist church.

Hale wants an artificial light and ice plant. The people fear an ice famine next year unless they have an ice plant.

Dr. J. C. Cooper celebrated his 82nd birthday February 11. He has been a resident of this county for forty years and looks 20 years younger than his real age.

Monday, February 9, Johnson Adkins was thrown from his wagon in a runaway and was badly injured. His shoulders were dislocated and he was paralyzed in his left side.

Samuel S. Bartlett one of the old residents of the county died at his son's home near Coloma, February 11, at the age of 90 years.

Marriage licenses:—Chris Kruse, Ida Biewener, Norborne; Harry Crispin, Anna Jones, Rosworth; Henry A. England, Wakenda, Anna Swank, Carrollton.

END STOMACH TROUBLE, GASES OR DYSPEPSIA
